بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

يَتَّيِّبُهَا الَّذِينَ ءَامَنُوا لَا تَتَّخِذُوا بِطَانَةً مِّن دُونِكُمْ لَا يَأْلُونَكُمْ خَبَالًا

وَتُؤْمِنُونَ بِالْكِتَابِ كُلِّهِ وَإِذَا لَقُوكُمْ قَالُوا ءَامَنَّا وَإِذَا خَلَوْا عَضُّوا عَلَيْكُمُ

﴿O you who have believed! Take not as (your) Bitanah (advisers, helpers, friends) those outside your religion (pagans, Jews, Christian and hypocrites) for they will not fail to do their best to corrupt you. They desire to harm you severely. Hatred has already appeared from their mouths, and what their breasts conceal is far worse. Indeed We have certainly made clear to you the signs, if you will understand. Here you are loving them but they are not loving you, while you believe in the Scripture-all of it. And when they meet you, they say:"We believe." But when they are alone, they bite their fingertips at you in range. Say, "Die in your range."Indeed, Allah is All-Knowing of that within the breast﴾

There is no true god but Allah.

Editor: This is a film none can miss. It reveals the crusaders' crimes and gives us solutions on how to deal with them. The film shook their hearts and they plotted to block, forge and delete it. By the grace of Allah, it is still spreading like wildfire as it is a film meant for the ummah.

Most of the time we were physically tortured, by insulting the Holy Quran. I mean literally insulting the Holy Quran. The interrogator would stand on the Quran. He would say, "if you talk, I will lift my legs from this book." He would then cut pages of the Mushaf(Quran) and use them to wipe his shoes, it was really a psychological torture for us by insulting the Holy Quran.

The message that we want to send to the invaders' forces is that they have offered us nothing except insult to our Quran and our Prophet. They have not spread peace at all. They should leave our country immediately.

They want for us an Islam which is liberal, democratic, judaic and christian. If your Islam does not please the jews and christians, then it is not acceptable (to them). It should be annihilated.

The war today, between Muslim and Americans, is not a war for petrol, not a war for straits, not a war for lands or sea. It is not a war for Palestine, Iraq or Afghanistan only. Yes all these fall in the reason for this war. But the war in its essence and quiddity is a war on Tawheed (Monotheism).

The blasphemies against Quran and the honor of the Prophet (pbuh) would not have recurred, if it was not for the official the infidel western countries. The latest film- which makes blasphemy against the prophet peace be upon him. Which was directed by Nakoula Bassely and supervised by pastor Terry Jones has received total and absolute protection from the US government, which considered freedom of expression and speech. Just like it happened with the Danish cartoonist who defamed the honor of the prophet (pbuh).

Subsequent to these recurring blasphemies against the honor of the Muslims, the angry muslim nation headed toward the american embassies.

We could be lenient with insults to our personalities, but as for the personality of the Prophet (pbuh), I am not saying it is a redline or ... I say for Him, blood and souls and everything are sacrificed.

The muslim nations headed to the US embassies and consulates, considering that these embassies are the dens of the perpetrators of the war against Islam and the enemy's fortress detached from our homes, and they have become the center of espionage operations as confessed by the enemy himself.

The Benghazi city attack on 11th September, in which the US ambassador and 3 other who were killed, is considered to be a big blow to CIA. A number of honored agents were carrying out surveillance operations on armed groups, inside and outside the city. An american official said: The incident was disastrous, whereas the Agency lost an important asset. The official who worked in Libya added: The operation SCOOPED OUT OUR EYES!

Protesters chanting:

There is no true god but Allah.

America is the enemy of Allah. There is no true god except Allah. Zionists are the enemies of Allah.

These protest and storming into embassies were a blessed and courageous move expressing the will of the free muslim nations, which are moved by the feeling of victory and love of the generous Prophet peace be upon him.

Qasim Ar-Raimy

The time wherein the enemy insult us and is not punished has passed. Today, our ummah (nation) have freed themselves from its internal and external cuffs, and have known how to act. Any right seized by force is not taken back except by force. And enemy does not subside except with deterrence. And if Allah did not check one set of people by means of another, the earth would be full of mischief. Our ummah have realized that, so they acted. We are an immortal nation, we will never die. The best of ummah raised up for mankind, ummah like the rain, their blessing could be at the beginning or at the end.

After the Arab spring revolution and after breaking the large obstacle of fear, the muslims nations have become more certain about the benefits of change and Jihad by acting.

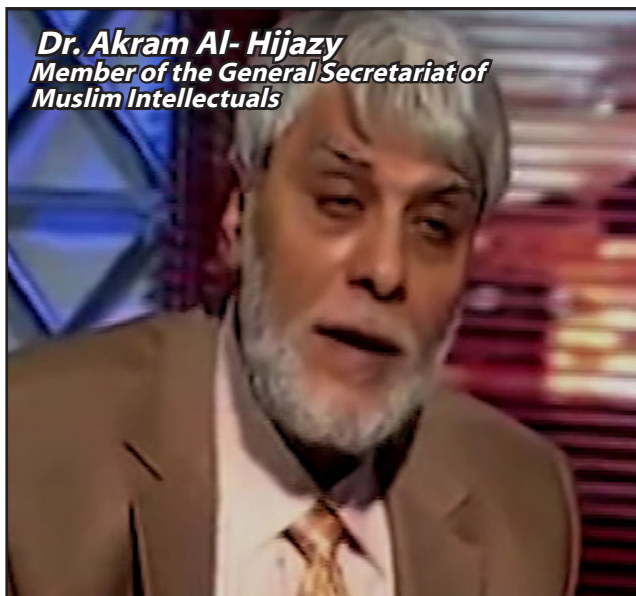

**Sheikh:
Ibrahim Ar-Rubeish**

What happened in making blasphemy against the Prophet (pbuh) is a big calamity to muslims. But Allah the Almighty by His wisdom is creating opportunity in the fold of calamities. The result was, the muslim nation convinced to confront the enemy's assault by force, and that this is the most useful method to change the situation of the muslims. This is what the mujahideen have called to for a long time. So, the congregations erupted, while raising the flag of Tawheed, chanting the name of the sheikh of mujahideen, Usama bin Laden. Not only honoring him, but also convinced with the manhaj which he called to untill he became its icon. Furthermore, the weakness of the enemy has been witnessed, and even though the enemy is strong, he cannot repel the attacks of the protesters eventhough they are unarmed.

**The Military Commander
Qasim Ar-Raimy**

Fear has been removed except fear for the Creator. Do you fear them? Allah has more right that you should fear Him if you are believers. Our ummah (nation) have known that Allah, the Great and the Almighty, will question them about helping His religion and the Prophet, the oppressed and sacred lands. Then surely, We shall question those to whom it (the Book) was sent and verily, We shall question the Messengers. They have known Allah will question them on all of that, so they did their obligation. They outstripped the treacherous agent who sold their religion for cheap worldly gains. They outstripped all of them. They outstripped condemnation, denunciations, the Arab league and the fear council, and all form bodies of betrayal & forsaking.

At this moment, those who fear the central should understand that it not strong enough to intervene, in such .. I mean to attack or aggress, or to impose conditions. The central is not strong anymore. Thus, it is shameful for the new powers and ummah to fear the central as if it is strong or it possess the power scepter. This now is impossible.

The bold step of storming into US embassies taken by these muslim nations outstripped all of the disgraceful media attempts in portraying the film as the work of an individual. And the media did not call for America to face up to her responsibility, although America has repeatedly affirmed that it will not apologize for these blasphemies, and that they are obliged to protect the film crew. And that they have the right to express their opinions on anything even if it insults the honor of the Muslim.

In the bases of our "values" as Americans, we support and encourage freedom of expression, which is part of our constitution and so is protecting the expression of opinion even if it is insulting. We cannot prevent it. And we have clarified that to whole world as we have clarified here in the US. (media personnel: They are suggesting that the USA should apologize, are you thinking of that?) Absolutely NO!

To begin with, sometimes they give null arguments. They will say any american has freedom in his opinion. It means the US president cannot stop this film, the law does not give him any chance. These words are uncertain. The western government move with their interests, I will give you an example which happened 3 -4 months ago, to a famous German poet, Gunter Wilhelm Grass who have previously received Nobel Pease Prize. He wrote a shot poem, maybe one page, with the topic, "What should be said. "I will summarize it in few words: "why have I been silent for all these years, in front of an undoubted truth: Indeed, Israel is the biggest threat to world's peace." Keep in mind this is the greatest poet in Germany, the Germany goverment exploded disavowing him. Netanyahu delivered a whole speech on this poem, people demonstrated. If you witnessed the attacks on the newspaper which published it.. these are redline in every culture, regardless of its reality. So, the nations' protest are forcing America and others to revise their policies, why? because they are damaging their interests.

Muhammad Hisham Raghieb
Muslim activist

We should ask ourselves, what if Pastor Jones (the film supervisor) or the director had casted doubt on the authenticity of the Nazi Holocaust (the Shoah), How would the US and the western governments have dealt with them?

No one in this world could renounce the Nazi Holocaust of the jews, totally or partially. It means if someone says: the jews who died in the holocaust are 5900000, he is imprisoned. This is the UN general resolution.

We have the right to scorn sacredness, but we cannot have a scientific discussion. The Fabius Gesso Iwa, which was imposed by the current french minister of foreign affairs, does not only forbid scientific discussion of World War II, but also scientifically discussing about the massacre which happened during the War.

If it is all about freedom of expression, as they claim, then why does US persists in jailing the blind sheikh Omar Abur-Rahman? And the UK persists in jailing Sheikh Abu Qatada Al-Filistini (may Allah hasten their release) without any crime, except expressing their beliefs in Tawheed, Iman (Belief) in Allah and the rights of the muslim ummah which are being violated by hands of the crusaders and their agent?

الشيخ عمر عبد الرحمن

الشيخ أبو قتادة الفلسطيني

The same case goes to the free journalist Abdul-Ilah Shaa' who is isolated in jails of sana'a by America's orders without any crime except exposing America's crime in Yemen.

The decision to arrest me was taken on 27th December, 2009. The day I exposed those who concealed the killers of woman and children in Abyan. The day I exposed those who guided cruise missiles to the camps of the Bedouins in Abyan, Shabwa and Arhab.

**Sheikh:
Ibrahim Ar-Rubeish**

Where is the freedom of expression for these free muslims? Or it only granted to those who insult Islam and its holiness? like Salman Rushdie, the Danish cartoonist, the perpetrators of crimes in the Cuban prison and Abu-Ghuraib and others who are engaged in the war on muslims, in their religion, theology and beliefs.

They did a lot to our ummah that if it was to be done on a mountain, the mountain would have crushed, because of the method of deceit and fitnah, projects of corruption and immorality. And that is through the two methods of lust and misconception. As for lust, the new generation is sinking in the sea of art, sports, play, amusement cultures and the culture of pleasure ann temporary enjoyment, wal'iyadhu billah. And other methods of stimulating unlimited lust, killing virtues and honor and removing the moral of shyness. As for misconceptions, they have manufactured queues of intellectuals who adopt their ideologies, secularists who reject religion and infidelity, by sending delegates like the days of Mohamed Ali until now and the use of awards, cultural tolerance, scholarships, orientalism and others. Beside popular cultural TV shows, radio, newspapers and others, even education curricula. Not forgetting the story of the English Dunlop who wrote the curricula in Egypt.

**Sheikh 'Atiyyatullah

Dr. Abdullah An-Nafisy

Not long ago, here in the Gulf, Liz Cheney the daughter of Dick Cheney, was sent to us by the Whitehouse to tell us that our education and religious curricula should be revised. And that verses of the Holy Quran speaking about the jews, spreading "hatred between nations" as per her claim, and in America our laws prohibit spreading hatred between nations, so you (in the Gulf) should revise your curricula. Many brains were there, lot of beards were sitting in her presence in the news conference, and none became angry nor carried a chair...(All were nodding) right right.

Be ashamed of yourselves. Do not attend brother, do not attend at all. If you cannot say the truth, do not support false, be silent. Vanish from the eyes, true or not? In the conference, there were ministers, a

group of Education Ministers, all nodding in approval. Do you understand? Liz Cheney?! Liz Cheney?! Do you know who she is? Liz Cheney is from the leaders of Lesbian Movement in the US. She has booklet and pamphlet, she herself was distributing pamphlets in demonstrations, pamphlet calling for lesbianism. And she came here in the Gulf with her girlfriend, and she was moving freely around in the Gulf, they welcomed her and gave her presents. My brother..

Surely, the ideological and media war is not the only form of the war against the muslim ummah and its sacred. Today, 90 years after the Balfour Declaration which viewed with favor the grabbing of Palestine by the jewish people, the jews are preparing to divide Al-Aqsa's courtyard in order to pave the way for its destruction and its judaization and building the claimed Solomon's Temple on its ruins. In the past months of this year, digging and destroying activities have been witnessed. A definite intention of their judaization project under the auspices of an enforced muslim unawareness.

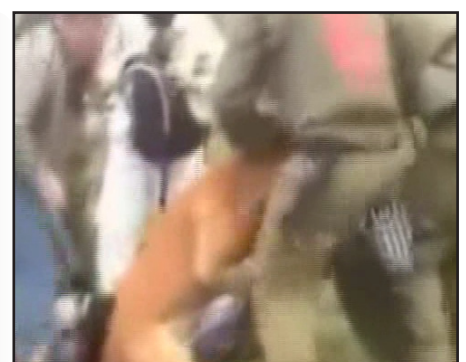

Most assault are made in muslim area, considering that these areas have disputes between muslims and jews over the location of Solomon's Temple. The jews believe that the temple is at the Qubbatu-Sakhra. Thus, many assaults are carried out on that region.

The jews carry out eviction campaign against muslims so that they can establish residence for groups of jews in the blessed lands of Palestine.

An embarrassing scenario for the whole humanity, a dog attacking a peaceful demonstrator, dropping him on the ground and tearing his wrist. And I saw a group of soldiers around the dog as if they are enjoying the scene.

It did not stop with the eviction of muslims since decades, until lately forced muslims in Palestine to destroy their homes by their own bare hands or pay the fine in exchange of its destruction by the hands of the jews.

I am forced to destroy my house, by my own hands, which has sheltered me, my children and wife. And that is my father's house. For very long my mother lived there. I lived there too. I will not pay a thing nor any fine.

They are threatening our house, they want us to leave, we will not leave, sure we will not. Whatever they do we will stay here.

And in the shade of the Muslims' forsaking of backing up the robbed Palestine and its honor America is persisting in her absolute observance of protecting Israeli's security and reinforcing her with weapons, military supplies and technical back-ups in order to guarantee her military and intelligence superiority.

I have made my regime's top priority to deepen our relationship with Israel in every field, be it security, intelligence, defence or technology.

Well i think we have to make clear that the US is tied to Israel by a solid bond. The president has renewed his personal commitments to Israel's security. This will not change during this regime.

Palestine and her people have a great right over us that we have not fulfilled. For decades, she is screaming, seeking help for 90 years, the first Qiblah of the Muslims, and the point of Israa' of our Prophet (pbuh), seeks help and assistance: All Masajid are pure, and although I am honored, I am being soiled. Unworthy jews dance on my grounds, on my wounds they deprive me of my sacredness. They strive to destroy me. WHERE ARE YOU?

Palestine is not the only land being contaminated and abused by the hands of the Zio-Crusaders. The Arabian peninsula which is the Qiblah of the Muslims and the land of Wahyi (revelation) is a captive of the crusade power and American authority via crusade military bases established through it since the 60's of the last century by the request, facilitation and support of the Gulf monarchs and agents.

The crusaders' hegemony on the Arabian Peninsula means in the first place; the western domination in the heart of the Muslim lands.

The main (reason) they came is to be against Islam, the did not come for oil. There was no oil at that time except in a very limited way, because that was beginning of its discovery. They came because Islam is the only force which could stop the tyranny of super powers. Also because Islam is a force full of life, driven by a da'wah (call); the last words of Allah on Earth among human. We are demanded by this da'wah to deliver the words of Allah to his creations. So they stood to challenge Islam with great effort.

In addition to the war on Islam and the domination of its first stronghold, the Arabian Peninsula, the crusader's political and military hegemony includes stealing our riches, above it all, oil; the mainstay of the contemporary global economy.

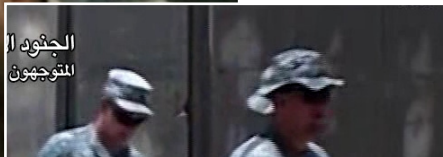

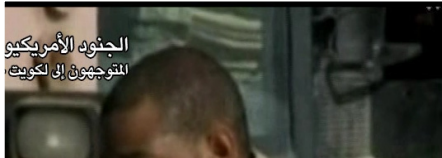

America has an official policy which preserves her political hegemony in the Arab Gulf region. This policy is known as Carter's belief who said, "protecting Gulf's oil is a vital interest to the US, and in order to protect this flow of oil, we will use any method necessary even if it is military. And to acquire this

goal, "Carter added," we will need military bases in the Arab Gulf region. " In support of its policy, he established military bases to protect the oil, and some wars have been waged in with this policy.

Americans lie to everyone, they say: "we have interests in this region and we will not move untill we are reassured with it" I mean an enemy steals your wealth, and when you tell him: "Do not steal", he replies, "No,no,this is my interest". They are deceiving us with expressions.

Something else, the crusader government, the occupying American enemy to Biladul Haramayn has made the military bases in Biladil Haramayn, to be the point of departure to kill the Muslims everywhere, in Afghanistan, Iraq and now in Yemen.

The journalist:
Abdul Ilaah Shaaee

Sheikh Usama bin Laden, in his first address to the Arabian Peninsula, and it is considered to be Al-Qaeda in the Arabian Peninsula, the first organization with its structure before Sheikh Usama settled in Afghanistan, and this address he did it in his days in Sudan in 1995. He speaks of occupation, he describes the region as the occupation of Biladul Haramayn (The land of the two sanctuaries: Makkah and Madina) And Al-Qaeda, after describing the situation as the occupation of Biladul Haramayn, says in another statement in the end of 2002 that the reality is of disgrace and shame.

And with the facilitation and cooperation of the Gulf monarchs and agents, the American bases are still erected and constructed, to stabilize the crusaders' hegemony on the Arabian Peninsula, which the Prophet (pbuh), ordered the expulsion of the kuffar (infidels) from the Arabian Peninsula while he was in his deathbed.

We are responsible for the cleanliness of this base, erecting the fences and fences back up.

Before the engineers construct base No.380, they need strong foundation to build on. The heavy construction workshop are currently working on pouring cement foundation for the temporary gym of the new base. This needs everyone's contribution.

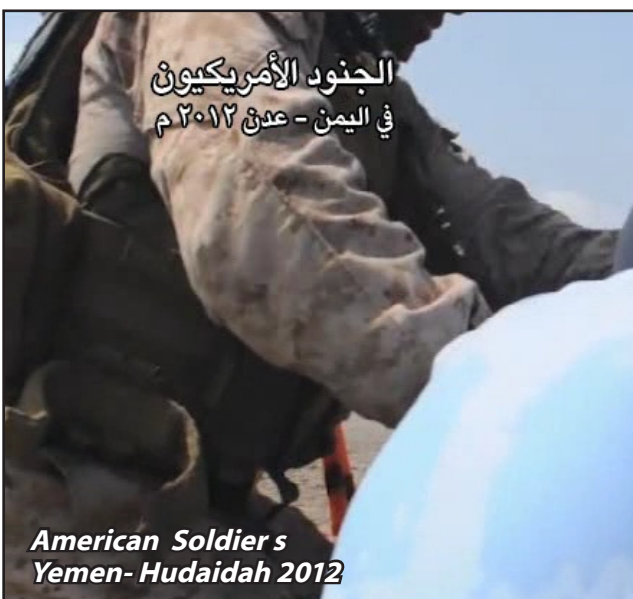

The Arabian Peninsula has specialties not found in other Muslim lands. This is proved by the Hadeeth of the Prophet (pbuh): Drive away the mushrikiin from the Arabian Peninsula. Another Hadeeth, "No two religions could co-exist in the Arabian Peninsula. We do not talk of mere entrance, but we are talking of an arranged occupation of Muslim land. And this is what the rulers did when they let them into the Arabian Peninsula, and established for them military bases.

Nasheed: O Allah, O Allah. The kuffar has gathered against us the worst of gatherings, Eastern, Western, White and Black. As for their motivator and protector are of jews. Protect us our Lord from every misguidance, send away from our doors every evil O Everlasting. O Allah, O Allah. If we have followed the guidance of the Quran, we would have obtain peak of victory throughout ages. We would have pushed away the plots of Satan. We would have preceded all people in everything, and repelled the army of kufr from every error.

(O Allah, O Allah) (The disease of the tranny is a chronic disease, loving the worldly pleasures in every state) (The disease of the tyranny is a chronic disease, loving the worldly pleasures in every state) (loving leisure and loving wealth) (and hating death in the cause of Allah, and stopping the preachers of guidance.

Lately this year, a new American military base has been established in the Southern of the Arabian Peninsula, in Yemen Al-'Anad Air Base in Lahj which was once considered the largest Soviet Union military base in the Middle East, has been transformed from a Yemeni Base to an American military base, from which unmanned drones and military aircrafts are launched to massacre Muslims in Yemen.

Sheikh:
Ibrahim Ar-Rubeish

This military base, Al-'Anad. A base among crusaders' bases in the Arabian Peninsula, is just like the preceding bases in the Gulf, which were not established except by the rulers' treason, who consolidated the kuffar in the Muslim lands, and Americans expanded their presence by a new base in Yemen being established by the treason of the Yemeni government.

Al-'Anad Military Base

**Photo of Al-'Anad Air base
Lahj 2012**

This clip was recorded from inside Al-'Anad Base in Lahj, it reveals an American plane model C-130 resting on a runway.

This is not a road accident or an ordinary scene of a vehicle on fire. It a missile attack. The residents of this town set in Rada' report that a US unmanned drone launched the attack.

We refuse to tolerate these planes which roam above us day and night.

It descended near the victims to the extent the pilot could see the child, the woman and those on board with his bear eyes.

These unmanned drones are controlling Yemen. They depart and roam, and there is no state, no sovereignty, no nothing. They assassinate whomever they want.

My name is Ahmad Salim Ali Jaabir, the father of the Matyr Salim Ahmad Salim Jabir, he was martyred by an aerial bombardment carried out by an American plane from above. Since dusk the plane was circulating above the house, 3 hours later and still it was above, we could hear its sound but could not see it. Then, in a moment we saw a flash and a missile from the sky hit the house.

These are the remain of the American plane bombardments on the children of Hadhramaut.

تجمع لأهالي حض
ضد التدخل الأمريكي

They bombard villages, they bombard houses and tomorrow they will do like what they did in Al-Ma'jalah (The December 2009 Bedouins massacre). What is happening in Hadhramaut is Al-Ma'jalah scene in installment. In Al-Ma'jalah they bombarded and killed more than seventy or eighty at once, and today in Hadhramaut they kill in installment, within two months they have killed more than thirty. The Gulf initiative brokers are responsible for this, they have given away this land of Yemen, to the Americans who leave and return, they kill whoever they want, whenever they want and however they want. While the citizen of this country has no right to defend himself from these crimes or any other. He is indicted of crime and receives extra-judicial execution by Obama's order. All these thing are rejected, we reject them as whole.

**Group of Hadramaut
governorate residents**

The situation in Yemen has become a hotbed for unmanned drones, just like Afghanistan, these planes bombard civilians and not only Al-Qaeda. Now drone's activities have reached Somalia, they target Al-Shabab who are controlling vast stretches of Somalia and they have announced their allegiance to Al-Qaeda. I mean, our skies have become occupied by American planes.

Abdulbari Atwan
Editor in chief of
"AlQuds Alarabi newspaper"

**Sheikh:
Ibrahim Ar-Rubeish**

The question we should ask, "what is expected from our enemy after he has come to us with his army and weapon?" Planes are bombarding from the skies, warships from the sea. Nothing but destruction which has been visibly clear. The pages of history are stained by American crimes and are witnessed against in Veitnam, Hiroshima and Nagasaki. And the event of Afghanistan and Iraq are not far from us.

Some people love hunting, they love hunting deers and bears or anything else. But truly confess nothing in this world could be compared to the feeling which befalls an individual when he hunts his fellow human being. This is what they are taught. The negative effect is that the individual would like to do it repeatedly. He enjoys it, it almost like drugs. But after some time you will know just like any other consequence that later after you have fired and felt the rising satisfaction, the feeling which will last for a given time will fade away. And after it has disappeared it will seem to you that all was just filthiness and dirty water.

**First Sergeant Will Williams
US Marine-Vietnam**

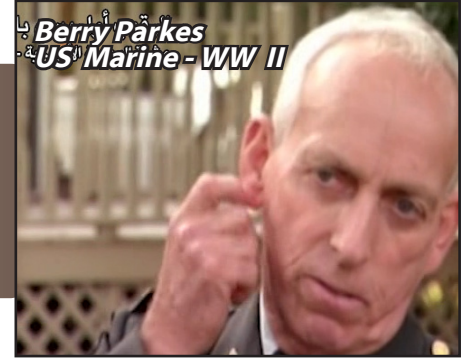

I happened to kill one of them with a knife, my hatred was born for people. I wanted to kill more, I was pleased by killing. And whenever i could not kill some, I felt bored. I exceeded the simple boundaries of duty, and I changed into something else. I changed into a wild animal. I was able to kill without any pity.

**First Sergeant Jimmy
US Marine- Iraq**

I saw with my own eyes how young men changed into paranoid killers. But in the navy this has an important role in training by which men and women are given the capability of killing even if once so that they are permitted with killing spirit. And whoever kills even if once, he became used to it.

I have seen things we could consider war crimes; A sergeant carrying around a rim of ears, everyone know this very well. I mean he used to walk everywhere with this big rim of human ears. All ears were hanging from their respective earlobe. Those ears were cut from people who he interrogated to obtain necessary information.

The hideous and horrendous American crimes, which give the true image of the american dream, expose to us the nature of the agents and corrupted political class, which covered itself with the revolution of the muslims in Yemen, and formed a government which runs the country in accordance with American-Gulf Initiative. And Abdorabbo Mansoor confessed his direct role to the New York Times.

The New York Times

عبد ربه: (كل عملية تنفذها الطائرات الأمريكية يأخذون الإذن مني شخصياً.
ومركز العمليات المشتركة في اليمن يتولى رصد
ومكافحة الإرهاب ويعمل به أفراد من الجيش
والاستخبارات الأمريكية والسعودية والعمانية).

"All operation carried out by the American planes are permitted by me personally. The joint operation center undertakes the surveillance and combating of terrorism. Those who operate it are individuals from the army and American, Saudi and Omani intelligence."

America has organized everything for the corrupted politicians to win, they granted the executioner, his family and allies amnesty and chose his vice President to rule. They sold the blood of the martyrs and the sacrifices of the widows and bereaved mothers.

Today we do not have time to play, America has deployed his boots on the ground. They have waged a clear battle on us. Thereupon 'Ulamaa (scholars) say, "Whenever an enemy attacks a Muslim land, Jihad becomes obliged upon the residents, father without son's permission and son without father's permission and wife without husband's permission. "March forth whether you are light or heavy. Strive(jihad) by your wealth and selves. There is no time for joking around O youth, O sons of Khalid, Omar and Sa'ad bin Waqas. Anyway, I remind you the fatwa of the 'Ulamaa and confirm it. Jihad is now Fardu 'Ain. Accept it or not. Otherwise we are sinning, if not then at least accept you are failing to do wajib. We should hold our tongues, don't say "there is no Jihad, Jihad is terrorism and Mujahideen bring problems". Atleast I feel shy for myself, and accept my shortcomings. I ask Allah to shower me with His mercy. Jihad is wajib today

upon every capable Muslim, I don't say unable. As long as the war is direct and America is on the ground.

"O believers, fighting has been prescribed upon you, "you are believers, aren't you? Because "Saum (fast) is prescribed upon ", you all fasted, because it is easy. But when it is "fighting is prescribed upon you", mmh..no no not yet..then when is its time?! Untill you die? Then your children will say, "not yet.", then your grandchildren too. So when is the time for Jihad? Jihad is fardh, Jihad is continuing and today, Wallah, is fardh 'Ain. In Yemen, US drones are bombarding, and their soldiers are occupying our lands. What is our stance? We say Jihad is Fardh 'Ain. This is its hukm (ruling), fardh Ain upon the capable. Those unable are pardoned. If I say I am unable, don't blame me, I am. But you are still in your youth, you are strong, why do you say 'no'?
